OCTOBER 2009 NEWSLETTER

Tomiko, Bailey, Meet The Artist, Oct. 3rd 5 – 7 PM

Tomiko Bailey, our best selling artist, is going to be here in person Saturday October 3rd from 5 – 7 PM. Please join us. Tomiko is a *very* talented artist. She was born in Japan and won awards as early as elementary school. As life often occurs she grew up and got married. She worked and raised her two children and didn't paint. She would often say to her husband that she would really love to paint. One year for her birthday her husband completely surprised her and purchased everything she needed – oils, canvases, easels – everything. She started painting and her natural talent flourished. She is now our best selling artist.

New Amazing Glass Artist – Janet Zambai

She can do anything with glass – vases, fused glass, etching. Check it out. She also will do commissions, just contact us.

Big Article in The Monterey Herald

We had a large article on the front page of the Life & Times section on Tuesday September 22 about our toothpick artist, Steven J. Backman. Check it out at:

Sequoia Update

Our son, Sequoia, is now six months old. He is doing great and at his last checkup he is in the 50th percentile in height and the 10th percentile in weight. He is perfectly healthy and entertaining guests in his jumperoo. “Aunt” Shirley, our fabulous new employee, says she is falling in love with him.
