Mountainsong Galleries is very pleased to announce that we have three extremely talented custom wood craftsmen in our gallery.

John Moldovan – John specializes in bar stools, Carmel tables, side chairs and rocking chairs in the tradition of Maloof. John will custom make pieces to order from a variety of native woods.

Richard Farwell – Richard is a versatile craftsman who designs and builds fine furniture, cabinetry and lighting. He has produced hundreds of Frank Lloyd Wright designed lamps for Yamagiwa USA including lamps for George Lucas' complex in Marin, California.

- **Sequoia Update:** “Mister Baby” continues AMAZE us. He is just about walking on his own. He absolutely loves his little Art Mobile (which has his title of Art Director on the back). He not only cruises at high speeds through the gallery but, when allowed, puts his Art Mobile in 4-wheel drive, heads over the entry mat and out to Ocean Avenue. He then proceeds to cruise into Carrigg’s, Bittner’s and our newest neighbor’s, Kurtz Culinary. He LOVES Kurtz because of the wood floors...easier to maneuver 😊

Looking forward to your next visit,

Lucinda, Jonathan & Sequoia
