NEWSLETTER – OCTOBER 2010

Hello to all our Friends of the Gallery!!!

PAINTING OF THE MONTH – 50% Off Your Choice

Every month we feature one painting or other art work for a *true* 50 percent discount. We have always just offered one particular piece but I had a client who came in the gallery and wanted to know why we never chose her favorite painting. She had been looking every month for “her” painting to be the **Painting of the Month**. So I came up with the idea of **YOUR CHOICE**. This month you can choose *any* painting or piece in the entire gallery and get 50% off. The only exceptions are Clark Little and Richard Klevins. The first person who responds is the one who will get this deal. So hurry...even if you are late, give it a try because you never know...maybe no one responded because they thought for sure someone already had. Call the gallery at 831-626-0600 and ask for Lucinda.

Free Shipping on Clark Little

In addition since we have so many Clark Little fans, we are offering free shipping on all Clark Little items until October 5th for shipping anywhere in the U.S.

NEW ARTISTS

In our tradition of offering a superb variety of unique art we are pleased to announce the addition of three new artists who joined us in September.

Douglas Steakley – Douglas Steakley is a widely recognized, award winning photographer from Carmel Valley, California. He has been pursuing photography for many years. His distinct images range from the Monterey Peninsula where he lives, to many international destinations where he enjoys traveling. Doug is also published; his available books include *Pacific Light, Images of The Monterey Peninsula; Big Sur And Beyond, The Legacy of The Big Sur Land Trust;* and *A Photographer's Guide To The California Coast*. A fourth book, *A Photography Guide to Big Sur* will be published in March 2011. Doug's work may be seen at the following link:

Lara Fisher – Lara, her sister and their mother create some of the most unique lamps we have ever seen...Koi fish. The shape of the Japanese Koi fish symbolizes peace, strength, and prosperity. According to Lara, "making these lights has not just been an art experience but an incredible opportunity to unite equal parts energy, inspiration and an offbeat whimsy to an organic piece of art. There is an unmistakable feeling that you get when you walk into a room and see a group of Koi fish quietly glowing, it is sure to elicit a smile every time you see it." Lara's Koi lamps may be seen at the following link:

Pamelina Hovnatanian – Pamelina creates the most incredible artwork on guitars!!! She has worked within the music industry since the mid-80's by creating artwork for CDs, tour merchandise, concert laminates and charity giveaways. She has also painted musical instruments for Davey Johnstone, Motley Crue, Mick Fleetwood, Sheila E., Soundgarden and many others. **To-date, Pamelina has painted over 2,000 guitars for Fender, Ibanez, Dean, B.C. Rich and others.** Pamelina has created a *Monterey* guitar and matching case that perfectly complements Tom O'Neal's rock 'n' roll photography!!!

SEQUOIA UPDATE

Mister Baby is now 19 months old and is doing new things every day. When he and Dada stay home on their day off, Sequoia has to help Dada with his duties. He brings him his diaper when he needs it, food when he is hungry, a jacket when he is chilly and a good book to let Dada know its reading time. Mister Baby has his Dada trained almost as well as Lucinda has him trained ☺

Mr. Bo Jangles Update by Mr. Bo Jangles

I've decided the baby is OK. I now have him trained to get a piece of food, usually pasta (that kid must be Italian) and promptly bring it to me behind the couch. He gives it to me and then returns to get another. This works like a charm.

Just in case you don't know who I am... I am the attractive Australian Shepherd with those sweet eyes who just loves it when you come in and see me...and quite obviously the owner of this joint!

Looking forward to your next visit,

**Lucinda, Jonathan & Sequoia
& Mr. Bo Jangles**
